Plug-in Circuit Breakers

The plug-in circuit breakers feature gold-plated compression contacts which insert securely into sockets recessed in the DST Series Distribution Panel. Breaker alarm contacts are part of the plug-in assembly, which feed an output connector at the rear of the panel for optional remote tripped-breaker alarm/indication. A "mid-trip" function of the circuit breaker moves the toggle to a 90-degree position when an over-current condition is encountered, providing quick visual identification of a failed circuit. It distinguishes between an over-current trip and intentional shut-off, allowing the technician to turn off individual loads without unnecessarily activating the alarm.

- § Type: Plug-in mid-trip circuit breakers with auxiliary contacts
- § Breaker rating: Stamped beside toggle for easy reference
- § Voltage Rating: 80 VDC max
- § UL Recognised
- § CE Marked
- § Weight: 0.454kg / 1Lb

PBA Circuit Breaker

Available Amperages:-

Part Number	Amperage	Part Number	Amperage
PBA-5	5 Amp	PBA-40	40 Amp
PBA-10	10 Amp	PBA-50	50 Amp
PBA-15	15 Amp	PBA-75	75 Amp
PBA-20	20 Amp	PBA-100	100 Amp
PBA-30	30 Amp
